

# Professional Qualification Trust Training Certificate (TTC)

## A Promising Future

With the rise of private wealth in Asia Pacific and the rapid economic development in the Greater Bay Area, the outlook for Hong Kong's trust and fiduciary services industry is promising. In tandem, the demand for comprehensive services such as estate and succession planning, family office services and fund services is increasing – providing significant opportunities for industry participants and solidifying Hong Kong's role as an international asset and wealth management centre.

The trust industry will continue to benefit from market changes, such as incentives for family offices and funds, the implementation of eMPF platform and other digital initiatives, the Securities and Futures Commission (SFC)'s proposed new licensing regime for depositaries of collective investment schemes (Type 13 regulated activity), as well as the Hong Kong Monetary Authority (HKMA)'s Code of Practice for Trust Business.

## Your Professional Roadmap

The move to raise the bar for the trust industry expertise is crucial in capitalising on the growth opportunities and the **Trust Training Certificate (TTC)** is the ideal professional qualification to advance and broaden practitioners' competencies.

Comprised of a two-part training course (Part A and Part B), and examinations, the TTC is a core component in achieving the Hong Kong Trustees' Association (HKTA)'s **Certified Trust Practitioner™ (CTP)** designation\*.

## TTC is a self-paced certification programme designed for

**Individuals** who plan to develop their skills and achieve professional standards within the trust and fiduciary services industry

**Practitioners** who would like to advance their knowledge and enhance their core competencies

**Professionals** from wealth and asset management, private wealth management, trust custodian, family office, banking, law and compliance sectors etc
